Head to the beach and take a walk along the coastline. How many of these objects can you find?

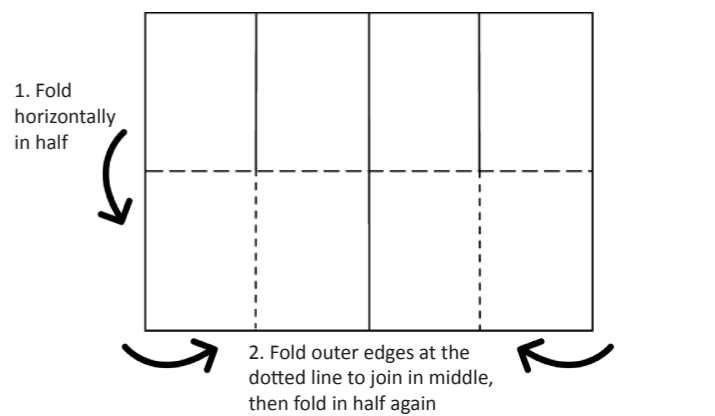

<input type="checkbox"/> Starfish 	<input type="checkbox"/> Dog whelk 	<input type="checkbox"/> Bladder wrack 
<input type="checkbox"/> Cockle shell 	<input type="checkbox"/> Whelk egg cases 	<input type="checkbox"/> Sponge 
<input type="checkbox"/> Hornwrack 	<input type="checkbox"/> Murmaid's Purse 	<input type="checkbox"/> Sea potato 

Standline Safari

See it. Feel it. Hear it. Discover it.
MAKE IT WILD

This booklet is packed with ideas and fun games to make your coastal walk wild. Designed so it can be done anywhere in Lincolnshire; spotting, smelling, listening, colouring, there are lots of things that you can do! You'll need something to tick off what you have spotted, heard and created, so don't forget your pencils!

When you've finished you can share your coastal adventure with us on Facebook, Twitter and Instagram using #LincsWildlife - we'd love to hear from you!

Did you know...
Hornwrack isn't a seaweed, it's actually a colony of thousands of tiny animals known as zooids! Look closely and you can see the tiny holes they would have lived in.

Did you know...
If you spot a mermaid's purse, chances are, you've found a SHARK! Yep, these leathery pouches are actually the egg cases of sharks and rays.

Did you know...
Whelk egg cases are made by the largest sea snail in UK seas. It lays its eggs in a spongy mass of up to 2000 egg capsules!

Did you know...
The air filled pockets are what gives the bladder wrack its name, allowing this seaweed to float upright underwater.

Did you know...
A sea potato is a type of sea urchin. It's empty shell is called a 'test'.
