

GENERAL ROUTE DESCRIPTION

There is a 1.75 mile (2.8 km) circular route around the reserve. The paths are either tarmac or compacted stone, or a mix of stone and grass. The route is mostly level with a few short inclines. It is uneven in places and the paths can be soft after rain.

For detailed information about the slopes and surfaces and to see if the paths are suitable for you please see the map overleaf.

The reserve is managed by the Lincolnshire Wildlife Trust.

There are grazing animals on site so dogs must be kept on a lead at all times.

Opening times: daily dawn to dusk

Location: Gibraltar Point, Gibraltar Road, Skegness.

Grid reference: TF 556 580. **Post code:** PE24 4SU

Car park 1 (P1): As location details above. Tarmac with marked disabled bays. Pay & display.

The what3words location: remotest.firming.stuffy

Car park 2 (P2): Grid reference: TF 558 589.

Gibraltar Point National Nature Reserve, Skegness Countryside For All In Lincolnshire

This National Nature Reserve stretches from south of Skegness to the mouth of The Wash, Britain's largest estuary. The coastline here is unique and unspoilt.

There are sand dunes, saltmarsh, marshes and meadows and a wide variety of wildlife. Boards around the reserve will provide more information about the habitats and wildlife.

|  | Bird Hide 2,3 & 4
- door width 75cm |
|  | Bird Hide 5 - open - no doors |

Information

Mobility scooter users check user manual, to ensure it's safe to use with gradients/cross slopes on the map.

Only slopes with gradients over 1:25 and cross-slopes over 1:33 are shown on the maps.

Paths are at least 1 metre wide unless shown otherwise.

Guide to gradients and cross-slopes:

1:4		25%
1:12		8%
1:25		4%

Definition: A gradient of 1:10 means the rise or fall of the path changes by 1m over a distance of 10m

Map Scale

100 m
