Our home education sessions take place across the county on some of our most popular reserves. Every month, we run a relaxed session exploring the nature reserve and learning through hands on activities. Each month has a theme and activities are aimed at children aged between 6 - 12. Activities may include; scavenger hunts, wild art, species identification, environmental games, creation challenges, crafts and many more.

Sessions usually run on the second Thursday of each month, from 1–3pm at Far Ings Visitor Centre.

Participants should ensure they are appropriately dressed and kitted out for both the activity and weather conditions on the day. Advice and suggestions will be relayed before the day of the session.
